Re: Translated Brochure Series

In August 2003 you received a binder with the *Making A Difference* brochure series translated into 22 languages in addition to English and French.

At the time we said that we were working to put these translated brochures up on the Ontario Early Years Centres web site. Now that the translated brochures are on-line, we wanted to let you know that they are available on the Internet at www.ontarioearlyyears.ca in the *Library* section.

The translated series is designed simply on 8.5 x 11 pages so that they can be easily copied or printed.

We hope that you will share them with families whose first language is one of the 22 listed below. We also encourage you to let your community partners know about the availability of the brochures on-line.

The *Making A Difference* brochures have been translated into the 22 languages that were identified by the government's translation service as the most common languages spoken in Ontario, other than English and French. They include:

Armenian	Gujarati	Maltese	Tagalog
Bengali	Hindi	Polish	Tamil
Cantonese	Italian	Portuguese	Ukrainian
Farsi	Japanese	Punjabi	Urdu
German	Korean	Russian	
Greek	Macedonian	Spanish
